χ^2 -test results are shown in Table 7. The null hypothesis of no difference between the two distributions was rejected at the 0.05 level of significance ($p < 0.05$). The observed frequencies were significantly different from the expected frequencies.

Handwritten text, likely a list or account, covering the right page of the manuscript. The text is written in a cursive script and includes several lines of entries, some of which are indistinct due to fading or bleed-through.

Handwritten text at the bottom of the right page, possibly a signature or a concluding note.

1. The first thing I noticed
 when I stepped out of the car
 was the smell of the sea.
 It was a fresh, salty
 breeze that seemed to
 wash over me. I had
 never before. The sun
 was shining brightly, and
 the water was a deep
 blue. I took a deep
 breath and felt a sense
 of peace. The waves
 were crashing against the
 shore, and the sound
 was so soothing. I
 walked along the beach
 for hours, feeling the
 sand between my toes.
 The sun was setting, and
 the sky was a mix of
 orange and pink. I
 sat on the beach, watching
 the waves roll in. It was
 a beautiful sight, and I
 felt like I was in a
 dream. The night was
 so quiet, and the stars
 were so bright. I
 closed my eyes and
 let the night breeze
 wash over me. I was
 so happy, and I knew
 that this was exactly
 what I needed.

1. *Chlorophyll a* (Chl a) is the primary photosynthetic pigment in most plants and algae. It is a green pigment that absorbs light energy in the blue and red regions of the visible spectrum. Chl a is essential for the light-dependent reactions of photosynthesis, where it converts light energy into chemical energy in the form of ATP and NADPH.

 and pulled my coat

 crisp and clear. I
 took a deep breath.
 The sun was shining

 clouds were white and

 covered in a layer of
 snow. The trees were
 bare and their branches
 were covered in snow.
 The houses were covered
 in snow. The streets were
 covered in snow. The
 world was a beautiful
 white. I walked down
 the street. The snow
 was soft and fluffy.
 The children were playing
 in the snow. They were
 building snowmen and
 having a snow fight.
 The dogs were running
 through the snow. They
 were happy and playful.
 The birds were singing
 in the trees. They were
 happy and cheerful.
 The world was a beautiful
 white. I loved it.

The first thing I noticed when I stepped
 out of the car was the cold. It was a
 sharp contrast to the heat of the car.
 I looked around and saw a few people
 walking. They were all dressed in
 winter clothes. I felt a little out of
 place. I had never seen so many
 people in winter clothes before.
 I walked towards the building and
 saw a sign that said "The Great
 Hall". I went inside and saw a
 large room with many people. I
 went to the front and saw a man
 who was talking to a group of people.
 I went to the back and saw a group
 of people who were sitting on the
 floor. I went to the side and saw a
 group of people who were standing.

1. The first thing I noticed
 when I stepped out of the car
 was the cold. It was a sharp
 contrast to the warm sun
 of the day before. I shivered
 as I walked towards the
 entrance of the building.
 The air was thick with
 the scent of old books and
 dust. I had heard that the
 library was a treasure trove
 of knowledge, but I had
 never imagined it would be
 so... so different.

2. As I moved through the
 aisles, I felt a sense of
 wonder. The shelves were
 so high, reaching towards
 the ceiling. The books were
 so many, so varied. I had
 never seen so many titles
 before. It was like stepping
 into a world of endless
 possibilities.

3. I found a book that
 caught my eye. It was
 old, with a worn cover, but
 the title was intriguing. I
 pulled it down and opened
 it. The pages were yellowed
 with age, but the writing
 was clear. I was hooked
 from the very first page.

4. The story was about a
 man who had lived a life
 of adventure. He had seen
 the world, had loved and
 lost, and had found himself
 in the most unexpected
 places. I was captivated by
 his journey, by the way he
 described the world around
 him.

5. As I turned the pages, I
 felt like I was part of the
 story. I was living the man's
 life, experiencing his
 triumphs and his failures. I
 was so absorbed in the book
 that I didn't notice the
 time passing.

6. When I finally closed the
 book, I felt a sense of
 peace. I had found what I
 needed. I had found a story
 that spoke to me, that gave
 me a glimpse into a life
 so different from my own.

7. I looked up at the shelves
 and thought about the
 countless other books that
 were waiting for me. I
 knew I would find more
 stories, more adventures, more
 knowledge. I was in the
 right place.

8. I smiled and turned to
 leave. I had a long drive
 home, but I was excited to
 read the book I had found.
 I would take it home with
 me, a piece of the world I
 had discovered.

9. As I walked out of the
 library, I felt a sense of
 accomplishment. I had found
 what I needed. I had found
 a story that spoke to me, that
 gave me a glimpse into a life
 so different from my own.

10. I was in the right place.

I have been thinking of you very much lately
and wondering how you are getting on
I hope you are well and happy
I have been very busy lately
but I have managed to find some time
to write you a few lines
I have been thinking of you very much lately
and wondering how you are getting on
I hope you are well and happy
I have been very busy lately
but I have managed to find some time
to write you a few lines

Yours truly

1. The first thing I noticed
 when I stepped out of the
 car was the cold. It was
 a sharp contrast to the
 heat of the car. I shivered
 as I walked towards the
 door. The air was crisp and
 clean. I took a deep breath
 and felt a sense of relief.
 The door was open and I
 stepped out. The sun was
 shining brightly. I felt
 a warm glow on my face.
 I looked up at the sky and
 saw a few clouds. The
 birds were singing. I
 felt a sense of peace.
 I walked towards the
 door. The door was open
 and I stepped out. The
 sun was shining brightly.
 I felt a warm glow on
 my face. I looked up at
 the sky and saw a few
 clouds. The birds were
 singing. I felt a sense of
